

Live Instruction

From the moment you step into a Language Intelligence classroom, you will be actively speaking your new language in a dynamic environment that fosters the confidence to speak in a foreign tongue.

Flexible options

Live Instruction is available for:

- Group Classes
- Individual instruction
- Immersion

The benefits of Live Instruction

You'll benefit from all the advantages of Live Instruction:

- Practice the new language through interaction with a native speaker
- Observe gestures, facial expressions, and body language that are part of communication
- Develop a relationship with the teacher that will enable him or her to personalize your learning program toward your interests, needs and goals
- Ask questions and engage in conversations with the instructor

We are currently offering English, Spanish, Italian, Chinese, German, French and more!

Packages

All packages are available for any proficiency level.

Because Language Intelligence designs its programs to meet the particular needs of each individual student, we offer a free consultation and program proposal.

Learning a language is a precious investment in your future.

Call us today and get started!

Depending on your needs and preferences, we'll help you choose the best way for you to learn:

Live Instruction

Clients benefit from face-to-face interaction with native-speaking instructors. Classes are offered to groups or individuals in a variety of settings to meet the needs of the individual learner.

Blended Learning

With Blended Learning, clients receive the benefits of Live Instruction with the convenience of online learning with Language Intelligence Online.

E-coaching

A Language Intelligence E-coach guides and motivates you through the Language Intelligence Online learning program.

Languages

LI Online is currently offered in:

- English
- French
- German
- Italian
- Spanish

Chinese, Japanese and Arabic are currently available on CD.
